ETALON

An ALEXPORT Brand

Over Two Decades of Expertise –
Trusted in More Than 30 Countries

Founded in 2002 in Thessaloniki, **ALEXPORT** set out with a clear vision: to provide professionals in the automotive refinishing industry with reliable, innovative solutions. Over the years, the company has built a strong international presence, exporting to more than 30 countries and earning the trust of thousands of professionals.

In 2004, **ALEXPORT** launched its first brand: **Etalon**. Since then, **Etalon** has grown into a specialized product line dedicated to automotive and marine refinishing solutions. Designed with the needs of the modern technician in mind, **Etalon** combines high performance, ease of use, and consistent results — making it a trusted choice for professionals worldwide.

Alongside **Etalon**, **ALEXPORT** also introduced **Detailer's Buddy** in 2024, a brand focused on detailing accessories such as microfiber towels, brushes, and applicators. Together, these brands reflect **ALEXPORT's** commitment to innovation and support for automotive professionals worldwide.

This catalog is dedicated to showcasing the **Etalon & Detailer's Buddy** product range: a system carefully developed to help bodyshops achieve perfect finishes, improved efficiency, and greater profitability.

I would like to personally thank you for the trust and support you have shown us over the years.

Etalon & Detailer's Buddy were born from our dedication to listening to professionals like you, and it continues to evolve with the same passion for quality and reliability. For us, the partnerships we have built — based on respect, appreciation, and a shared pursuit of excellence — are the greatest reward.

We remain committed to providing you with innovative products, dependable technical support, and solutions that help your business grow.

Sincerely,
Alexandros Aslamazis
Founder & Managing Director – ALEXPORT

CONTENTS

2000 ETACUT GREEN

Abrasive disc with a double layer of stearate, prevents the disc from clogging even in demanding applications. Versatile, ideal for use on putties, primers, fiberglass, wood and other solid materials.

GR15.0150.0080-600	Ø 150, P80-P600	50 pcs/box
--------------------	-----------------	------------

Available grits: P80, P100, P120, P150, P180, P240, P320, P400, P500, P600.

4080 PAINT FINISHING ABRASIVE DISCS

High quality micro-abrasive discs provide uniform mat finish on clearcoat as preparation for blending or prior to polishing jobs. Very high productivity and flexibility.

FAD0.0150.1000-6000	Ø 150mm	15 pcs/box
---------------------	---------	------------

Available grits: P1000, P1500, P3000, P6000.

FINE ABRASIVE SHEET & DISC

PSA sanding discs and sheets abrasives for wet sanding on small paint defects, like dust nibs and micro scratches. Produces smooth surface, which is very easy to polish.

Fine Abrasive Sheet		
SPSA.2834.0800	28x34mm, P800	8 pcs/sheet
SPSA.2834.1200	28x34mm, P1200	8 pcs/sheet
SPSA.2834.1500	28x34mm, P1500	8 pcs/sheet
SPSA.2834.2000	28x34mm, P2000	8 pcs/sheet
SPSA.2834.3000	28x34mm, P3000	8 pcs/sheet
SPSA.2834.4000	28x34mm, P4000	8 pcs/sheet
SPSA.2834.SET	28mm x 34m, 2x P800/P1200/P1500/P2000/P3000/P4000	set of 12 sheets

Fine Abrasive Disc		
DPSA.34.0800	34mm, P800	6 pcs/disc
DPSA.34.1200	34mm, P1200	6 pcs/disc
DPSA.34.1500	34mm, P1500	6 pcs/disc
DPSA.34.2000	34mm, P2000	6 pcs/disc
DPSA.34.2500	34mm, P2500	6 pcs/disc
DPSA.34.3000	34mm, P3000	6 pcs/disc
DPSA.34.4000	34mm, P4000	6 pcs/disc
DPSA.34.SET	34mm, 2x P800/P1200/P1500/P2000/P2500/P3000/P4000	set of 14 discs

1970 ETACUT SOFT ROLL

Soft foam backed abrasives roll, perforated for use on primers, fillers, paints and clearcoats. Ideal for sanding round edges, contours, curves, no risk for deep scratches.

R901.11525.0180-0800	115mm x 25m (P180-800)	roll
----------------------	------------------------	------

Available grits: P180, P240, P320, P400, P500, P600, P800.

DRY CONTROL POWDER

Dry guide coat to reveal surface defects. Excellent results during either wet or dry sanding. Does not clog abrasives. No masking required. Instant defect detention. No dry time required.

ET/DG-00B	150gr, black	12 pcs/box
-----------	--------------	------------

STAINLESS STEEL PAINT RUN BLADE

Special stainless steel paint runs blade made of durable steel for removing dust, nibs, runs and streaks in the paint. A protective case is included.

ET/BLADE		piece
----------	--	-------

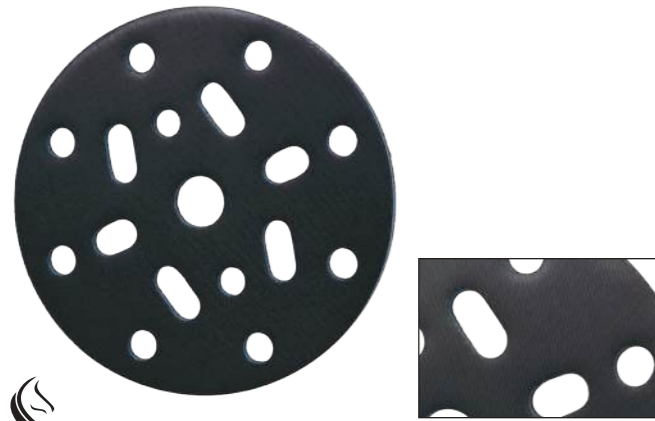

INTERMEDIATE PAD

Multihole intermediate pad 150 mm for intermediate and fine sanding.

ET/INP-300	width 5mm, medium	piece
ET/INP-350	width 10mm, soft	piece

INTERMEDIATE PAD WITH MICROGRIP

Medium multihole intermediate pad 150 mm with microgrip for fine sanding.

ET/INPG-300	width 5mm, medium	piece
-------------	-------------------	-------

PREMIUM MULTIHOLE SANDER BACKING PLATE

Premium Multihole Sander Backing Plate Medium. Included set of adaptors: 5/16 & M8. 97 hole.

ET/BP-PR1M	150mm, medium	piece
------------	---------------	-------

FLEXIBLE HAND BLOCK

Velcro system flexible hand block for abrasive strips, ideal for sanding of large surfaces, slightly curved.

VHBPL70x200	70x200mm	piece
VHBPL70x400	70x400mm	piece

HAND BLOCK

Velcro system hand blocks for velcro strips. Lightweight, with dust extraction, especially designed for comfortable application by hand and ease of movement.

VHB70x198	velcro, 70x198mm	piece
VHB70x400	velcro, 70x400mm	piece

PALM SANDER

Hand block for Velcro 150 mm discs. Due to its shape it can be used for areas difficult to access.

ET/PS-340	150mm	piece
-----------	-------	-------

ABRASIVE HAND PADS KIT

Complete set of 6 abrasive sanding blocks.

ET/SAND-SET6		set
--------------	--	-----

PAD FOR DAISY DISCS

Small base 26x34mm for velcro and self-adhesive finishing abrasive discs.

DAISY PAD V	Ø 35mm	piece
-------------	--------	-------

PAD FOR FINE ABRASIVE SHEET

Small base 26x34mm for self-adhesive finishing abrasive sheets.

SPSA.PAD.2834	26x34mm	piece
---------------	---------	-------

ADHESIVE REMOVAL WHEEL

Special rubber disc to strip away residues of double-sided tape, decal and molding adhesive. Does not burn or decolorate the painted surface.

ET/RW-84	Ø 90mm	piece
ET/RW-ADP	wheel holder	piece

MASKING TAPE 80°C

80°C

Professional masking tape for precise & clean masking jobs throughout the painting process of the surface. Strong adhesion on all types of paints & clear coats. Easily removed, without leaving any glue residues. Withstands temperatures up to 80°C.

ET0801850	18mm x 50yds	48 pcs/cart
ET0802450	24mm x 50yds	36 pcs/cart
ET0803650	36mm x 50yds	24 pcs/cart
ET0804850	48mm x 50yds	18 pcs/cart

WASHI TAPE UV 120°C

Special fine line masking tape manufactured from Japanese rice paper. Designed for the painting jobs in yacht repair and automotive industries. It is 3 months resistant to UV rays and doesn't leave adhesive residues. No hard edges and safe removal for indoor and outdoor paint jobs.

ET2450WASHI	24mm x 50yds	36 pcs/cart
ET3650WASHI	36mm x 50yds	24 pcs/cart
ET4850WASHI	48mm x 50yds	18 pcs/cart

PREMIUM MASKING TAPE 110°C

110°C

Professional masking tape for precise & clean masking jobs throughout the painting process of the surface. Strong adhesion on all types of paints & clear coats. Easily removed, without leaving any glue residues. Withstands temperatures up to 110°C.

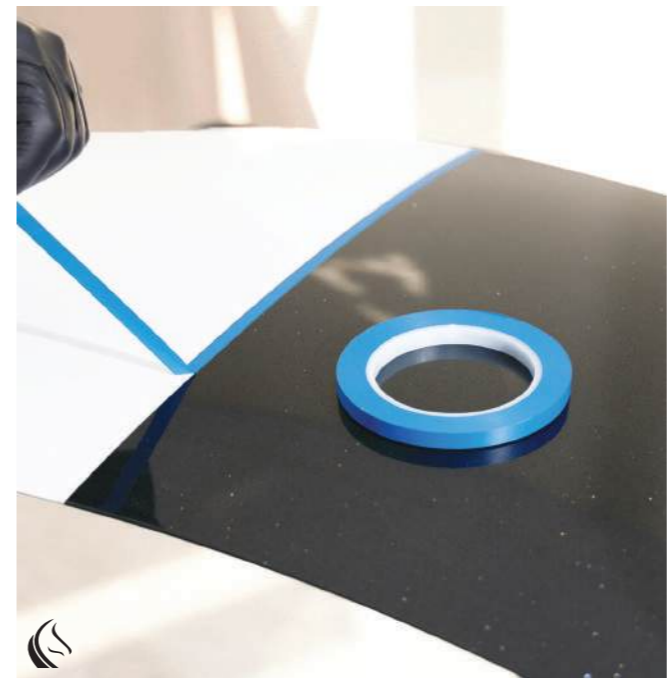

ET1101850	18mm x 50yds	48 pcs/cart
ET1102450	24mm x 50yds	36 pcs/cart
ET1103650	36mm x 50yds	24 pcs/cart
ET1104850	48mm x 50yds	18 pcs/cart

PERFORATED LIFTING TAPE

Lifting tape for paint preparation jobs on vehicle doors and windows' rubbers, as well as headlamps, rear lights and direction indicators. Perforated for easy tear off, eliminates the need for cutting. Does not leave residues. Temperature resistant up to 150°C. Lifts the rubber molds allowing smooth edge paint application.

ET/TMT-5010	50mm x 10m	piece
-------------	------------	-------

FINE LINE TAPE

Extremely flexible, thin PVC tape for demanding painting applications with excellent adhesion to all surfaces. Waterproof, solvent proof resistant up to 30°C. No hard edges guaranteed. Ideal for aerography artists.

ET/FLB-03	3mm x 33m	20 pcs/cart
ET/FLB-06	6mm x 33m	20 pcs/cart
ET/FLB-09	9mm x 33m	20 pcs/cart

DUCT CLOTH TAPE

Strong duct cloth adhesive tape. Used for general fixing and edge protection while sanding or during the paint preparation process.

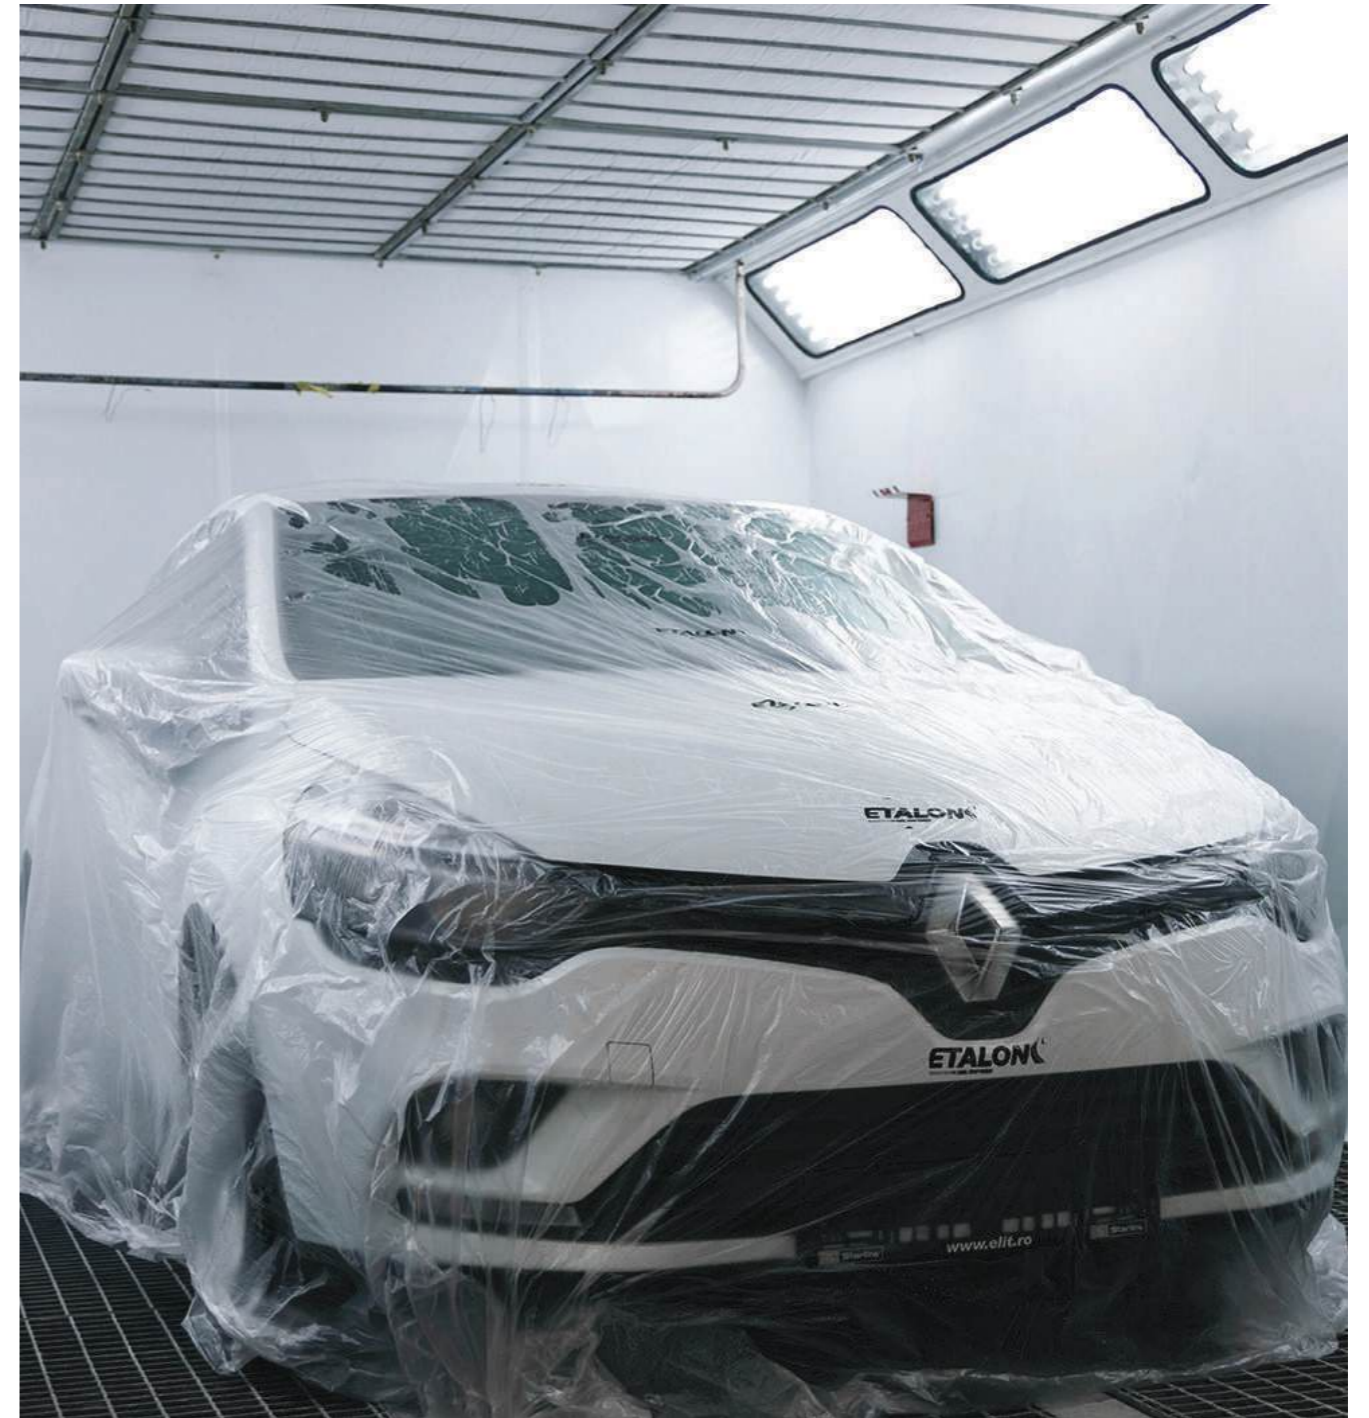

ET/CST-62100	50mm x 50m, silver	18 pcs/cart
ET/CST-62100B	50mm x 50m, black	18 pcs/cart

 **FOAM MASK TAPE** 80°C
 Professional foam masking tape for insulation of gaps. Made out of special foam material that prevents formation of hard paint edges during the painting jobs. Classic shape ensures a very easy and complete application. Does not leave residues. Temperature resistant up to 80° C.

ET/FM-1350 13mm x 50m 1 pc/box

 **MASKING NYLON FILM**
 Masking nylon film for professional use for car and its parts coverage during the painting process. Extremely effective in withholding overspray. Special treatment for overspray retention. Statically charged and resistant to infrared light. Thickness 10 microns.

ET/CRM-150 4x150m 1 roll/box

MASKING PAPER FOR PROFESSIONAL USE

100% Kraft, 40gr

MASKING PAPER

Masking paper for professional use for car and its parts coverage during the painting procedures. High quality 40gsm Kraft paper, resistant to all types of paints and clearcoats. No lint. Brown color.

ET40A0200	20cm x 300m	roll
ET40A0600	60cm x 300m	roll
ET40A0900	90cm x 300m	roll

polyGARD

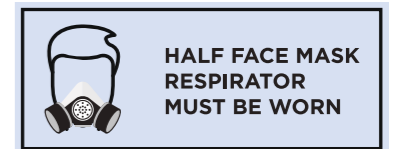

HALF MASK RESPIRATOR

Half mask AIP2 set made from soft silicon for increased comfort and reduced heat and perspiration. Suitable for all paints, sanding and welding jobs. It provides maximum protection from dust, organic vapor, mist and welding fumes. The set includes 1 half face mask, 2 organic vapor cartridges, 2 prefilters for dust and 2 retainers for prefilters. Approved by EN140:1998.

Advantages:

- ✓ Maximum protection against dust, fumes, and organic vapors.
- ✓ Ideal for work involving automotive and marine paints, welding, general painting, and sanding.
- ✓ Easy filter replacement with a single motion.
- ✓ Made of soft silicone, ensuring a comfortable fit on the face without causing irritation or sweating.

CE
2056

ET/PL-MASK	half mask AIP2 set	KIT
ET/PL-P2	prefilters for dust particles	10 pcs/pack
ET/PL-RT	retainers for prefilters	20 pcs/box
ET/PL-A1	organic vapor cartridges	2 pcs/pack

DISPOSABLE PAINTERS OVERALL

Painters overall made of strong non-woven material that consists of polypropylene & polythylene micropores. Assures a perfect ergonomic fit. Antistatic, silicone free and lint free.

ET/OVR-O*	sizes L to XXL	piece
-----------	----------------	-------

POLYESTER PAINTERS OVERALL & JACKET

Polyester overalls and painters jacket made of durable synthetic fabric. Antistatic, lint-free and silicone-free. Machine washable at 30°C.

ET/HY9778-J*	sizes M to XXL, jacket	piece
ET/HY9778-O*	sizes M to XXL, overall	piece

7200 1K PU SEALANT

Fast skinning and fast curing polyurethane adhesive and sealant. Easily smoothed and leveled, can also be applied by brush, allowing fast overpainting (after 30 minutes) in car body refinishing and repair operations on boats, caravans and others. Overpaintable.

ET/PU-7200W	310ml, white	12 pcs/cart
ET/PU-7200B	310ml, black	12 pcs/cart
ET/PU-7200G	310ml, grey	12 pcs/cart

7100 BRUSHABLE SEAMSEALER

Fast drying brushable seam sealer for car joints. Does not sag or peel off, excellent adhesion on metallic, primed and painted surfaces. Overpaintable.

ET/B-7100	0.85kg, grey	12 pcs/cart
-----------	--------------	-------------

9000 1K PU WINDSCREEN

Fast curing, flexible, high performance polyurethane adhesive. Specific for automotive windows and windscreen bonding. Specially designed to give an ultra fast drive-away time to vehicles with 2 airbags in 60 minutes.

ET/W-9000	310ml, black	12 pcs/cart
ET/P-901	30ml, black primer/activator	25 pcs/cart
ET/PA-03	application brush	100 pcs/box

2K PU ADHESIVE

Ensures high performance on both thermosetting and thermoplastic rigid and flexible plastics. Working speed: 1 min. Ideal for small structural repairs on bumpers and other plastic parts of the vehicle. Also, suitable for structural bonding of steel, aluminium, wood and glass. It is odour-free and cured at room temperature. Application gun for 2K adhesive cartridges. Provides easy, smooth handling. Robust and reliable tool. Includes 2 mixing nozzles.

ET/PU-9050	50ml, black	12 pcs/cart
ET/BX-70	application gun	piece
ET/NOZ-44	nozzles	12 pcs/bag

ADHESIVES

2K PU ADHESIVE IN SYRINGE

2K Structural Adhesive in Syringe – Polymer Based. Dual-component adhesive ideal for repairs of bumpers and plastic vehicle parts, as well as for bonding metals (steel, aluminum), wood and glass. Working time 50 seconds. Includes two application nozzles.

ET/PU-9024	24ml, black	piece
ET/NOZ-24	nozzles	10 pcs/bag

2K MMA ADHESIVE OFF-WHITE

Two-component structural acrylic adhesive for composites, plastics and metals. The materials that can be bonded are: FRP, RTM, infusion, gel coat, ABS, polycarbonate, aluminum, RVS and cold rolled steel. Fields of application: Marine, transportation, construction, industrial and special applications with composite materials. Includes an application nozzle.

ET/PU-9220	220ml, white	piece
ET/NOZ-220	nozzles	10 pcs/bag
ET/BX-220	application gun	piece

ADHESIVES

900BBP TEXTURED BUMPER BLACK PAINT

1K textured black paint for plastic bumpers refinishing jobs. By adjusting spray gun settings, we get a variety of coating structures, matching the OEM surface.

ET900BBP-100	1kg, black	6 pcs/cart
--------------	------------	------------

Also, available in spray form:
Structure black spray
quick drying for bumpers.

ET31B1250	125µm	250 pcs/cart

“TOUCH-UP” PLASTIC BOTTLE 2 IN 1

A unique “Touch-up” plastic bottle 2 in 1 with a brush, a pen needle and an airtight lid. Easy repair of the smallest scratches. The paint does not dry out in the bottle.

ET/TOUCH-21	18ml	20 pcs/pack
-------------	------	-------------

GRAVITY CUP FILTERS

Set of gravity filters 230µm. Compatible with all major spray guns.

ET/SGF-5	pack of 5 filters	pack
----------	-------------------	------

PRESSURE SPRAYER 1L

Pressure sprayer 1L for cleaners and degreasers. Extremely durable solvent resistant construction..

ET/PRS-585	1L	piece
------------	----	-------

SURFACE CONTROL SPRAY

1K surface control spray for creating a temporary glossy layer on the surface. Ideal for testing on color cards to check color matching, as well as on sanded surfaces to reveal any imperfections.

ET895005-TR	400ml	6 pcs/cart
-------------	-------	------------

5200PRL LIGHTWEIGHT PREMIUM BODY FILLER

Premium universal lightweight filler for filling and finishing works on all metallic surfaces, including galvanized steel, aluminium and fiberglass. Elastic and easy sanding. Suitable for applications in thick layers.

ET5200PRL-150	1.5L, beige	8 pcs/cart
---------------	-------------	------------

5300EFP UNIVERSAL EASY FILL BODY FILLER

Polyester medium grain putty to the Etalon body fillers portfolio. It has 1,6 kg/l specific weight and it is designed to be applied in thick layers with good filling power. Simultaneously it offers very easy sanding, similar to the lightweight body fillers. It has excellent adhesion to various metals and an alloy including zinc coated still and leaves the surface without pinholes.

ET5300EFP-180	1.8kg, beige	10 pcs/cart
---------------	--------------	-------------

5300FP FINE BODY FILLER

Etalon fine body filler designed for finishing jobs, allows easy sanding by hand or machine. It is available with red & white hardener for finishing jobs in both automotive and yacht refinishing respectively.

ET5300FP-100/R	1kg, red hardener	6 pcs/cart
ET5300FP-100/W	1kg, white hardener	6 pcs/cart

5360UP UNIVERSAL PUTTY

2K universal polyester body filler, designed for reliable repairs with an excellent finish. It has good filling properties, while at the same time providing a smooth and uniform surface without pores or holes. Its improved composition ensures excellent adhesion to all metal surfaces, old paints, aluminum, galvanized steel and fiberglass.

ET5360UP-050	500gr	12 pcs/cart
ET5360UP-025	250gr	6 pcs/cart

5200BFU BUTTERFLY UNIVERSAL BODY FILLER

Universal premium quality 2K polyester body filler with specific weight of only 1.5kg/l for applications on various surfaces including bare steel, aluminium, galvanized and zinc-coated steel and old coatings. Combination of its butter-like consistency and medium-light weight makes it very easy to apply and sand. Excellent adhesion on all substrates, smooth finish guarantee pin-holes free result. It spreads like "butter" and light like "fly."

ET5200BFU-100	1L, beige	6 pcs/cart
---------------	-----------	------------

5250JSP JETSET LIGHTWEIGHT FAST CURING BODY FILLER

Universal fast curing lightweight body filler that has been designed with one very important need in a bodyshop – the need of the fast and efficient repairs turnover. Etalon Jetset fast curing body filler dries twice as fast in comparison to the traditional body fillers. Its creamy, medium grain texture allows to fill up sizable areas in thick layer with adhesion to zinc coated still or aluminum. Perfect finish and easy sanding without abrasive clogging will give you the perfect material for all the needs.

ET5250JSP-100	1L	6 pcs/cart
---------------	----	------------

5700GP FIBERGLASS BODY FILLER

Polyester, fiberglass body filler with unique filling properties, which allows it to be applied in thick layers for repairs of deep dents and even rust through spots. Leaves smoother surface due to its short fibres.

ET5700GP-100	1kg, green	12 pcs/cart
ET5700GP-300	3kg, green	4 pcs/cart

UNIVERSAL BODY FILLERS

SPECIAL BODY FILLERS

5100NP
1K FINE NITRO PUTTY

Fine nitro-based 1K finishing putty. Ideal for filling minor scratches, stone chips, pinholes and dents. Can be applied after priming upon discovery of minor imperfections. Good adhesion on steel and old coatings.

ET5100NP-025	250gr, grey/green	12 pcs/cart
--------------	-------------------	-------------

-  - LIGHTWEIGHT PUTTY
-  - FIBERGLASS PUTTY
-  - PLASTIC BODY FILLER

5900PP
PLASTIC BODY FILLER

Plastic body filler for filling and spot-repairs. To be used on plastic parts of the vehicles. Elastic, with good adhesion on most plastics used in automotive industry. Fast drying and easy to sand.

ET5900PP-100	1kg, black	10 pcs/cart
--------------	------------	-------------

4400AF 4:1 2K HS
ACRYLIC PRIMER GREY

High solids, premium quality 2K acrylic primer/filler 4:1. High filling properties. Easy sanding. Fast drying. Can be applied wet-on-wet if diluted by 30% with Etalon Acrylic Thinner. Suitable for spot repairs or full repaints. VOC compliant.

IDEAL FOR OUTBOARD AND INBOARD MARINE ENGINES

- ✓ Fast drying spray-paints with high resistance to scratches, atmospheric agents and weather conditions.
- ✓ Excellent color matching.
- ✓ Specifically formulated for the harsh marine environment.
- ✓ Ideal for entire outboard and stern drive reconditioning or touch-up.
- ✓ For do-it-yourself convenience and professional finish that lasts.
- ✓ Can be recoated anytime

ET1010 ABSOLUTE ULTRA CUT COMPOUND

Cuts and polishes in one step action. Extra cut compound is designed for the most demanding polishing tasks, removes scratches from abrasive P1500 and leaves a deep glossy surface.

ET1010	1kg	10 pcs/cart
ET1010/250	250g	20 pcs/cart

ET1001 FAST CUT PLUS COMPOUND

Perfect fast cut compound for paint runs, dust nibs, "orange peel" and deep scratches.

ET1001	1kg	6 pcs/cart
ET1001/250	250g	20 pcs/cart

ET1003 FINISH POLISH

Fine polishing compound with new anti-hologram formulation. Enhances gloss without leaving swirls.

ET1003	1L	10 pcs/cart
ET1003/250	250ml	20 pcs/cart

The final result of a polishing job depends on several factors, including the choice of compound, polishing pad, and machine type. This chart helps you select the optimal compound/polish solution from the Etalon System.

POLISHING SYSTEM GUIDE

Polishing / Reconditioning

- Weather-worn paint
- Hazy paint
- Multiple scratches from car wash brushes

Use Etalon 4080 finishing abrasive discs P3000-P6000 prior polishing to speed up the process.

Hologram / Swirl Removal / Gloss Enhancement

- Swirls
- Holograms
- Dull paint

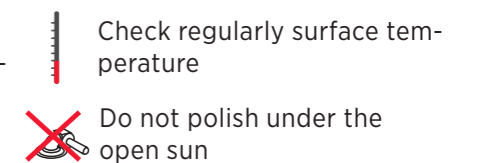

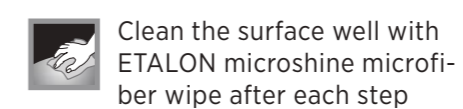

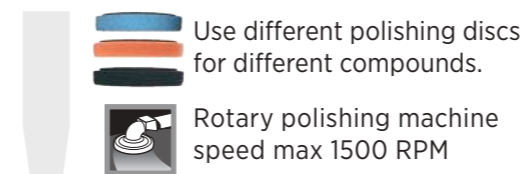

Restoration of headlights & non painted plastics

- Yellowish and hazy headlights
- Scratched & dull transparent plastics

Finishing / Waxing

- Polished surfaces needed to be protected (not for fresh paint)

Note that every paint and clearcoat "behave" differently when polished. Consider starting with less abrasive/cutting solution first.

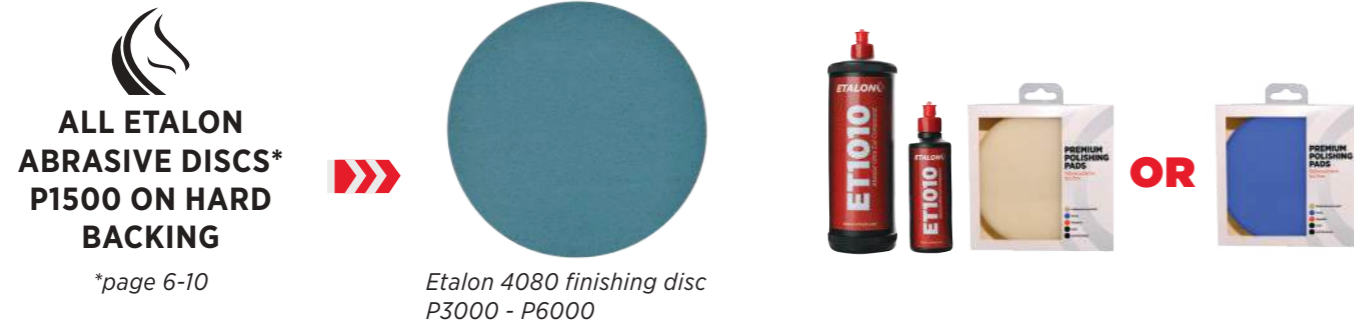

REMOVAL OF PAINT DEFECTS

Dust nibs & paint runs

Etalon Blade Etalon finishing dry abrasives P1500 up to P4000

Orange peel

Overspray

Fading out / clearcoat die back

Clean thoroughly the surface with microfiber cloth for inspection.

Always wait until paint or clearcoat is fully cured

Avoid increasing too high temperature while polishing

Do not apply waxes, sealants on ceramic coatings on fresh paint. Wait for at least 4 weeks before applying any protection.

REMOVAL OF PAINT EFFECTS

BLACK DIAMOND WOOL PAD

Black diamond wool pad is designed to be used with fast cutting compounds such as ET1001 and ET1010. Together with Etalon white diamond foam pads, gives a solution for the fast, safe and consistent result on weathered clearcoat and dull gelcoat. Made from the highest grade calibrated Merino wool with Velcro backing.

BMF - BOOTH MASKING FILM

Booth Masking Film is a 5+1 layer film designed to protect internal sides of spray booths from overspray and dirt. Recommended replacement: 12 months.

ET/BMF-W80W	0.75m x 80m, white	roll
ET/BMF-W80TR	0.75m x 80m, transparent	roll

KEY BENEFITS

- **One Application, One Year**
Apply once and enjoy up to 12 months of uninterrupted protection. Save time and reduce labor costs.
- **Cleaner Booth, Cleaner Work**
Remove overspray-laden layers in minutes for instantly fresh booth walls. Say goodbye to dust inclusions and rework.
- **Energy Efficiency Boost**
Improved booth insulation helps retain temperature, optimizing energy use and reducing operational costs.
- **Maximize Booth Value**
Protect your investment. Keep your spray booth in pristine condition and maintain its resale value.
- **Cleaner Environment, Better Results**
Create a spotless workspace that supports high-quality refinishing work, every time.
- **No tape or special equipment is needed**
Ready-to-use product.
- **Each of 5 layers attracts and retains dust and airborne particles**
Less expensive dust nibs' removal, higher profits and productivity.

PRODUCT FEATURES

5+1 Layer Technology
Five polypropylene (PP) layers with low-tack adhesive plus a final protective plain layer - each one color-coded for easy identification and removal.

Optimal Thickness
20 microns per layer - strong enough to protect, thin enough for easy application.

Temperature Resistant
Performs reliably up to 80°C - perfect for all standard booth operations.

Easy Application
Use on clean, overspray free, degreased panels. For best adhesion, lightly sand with P240/P320 abrasive if needed.

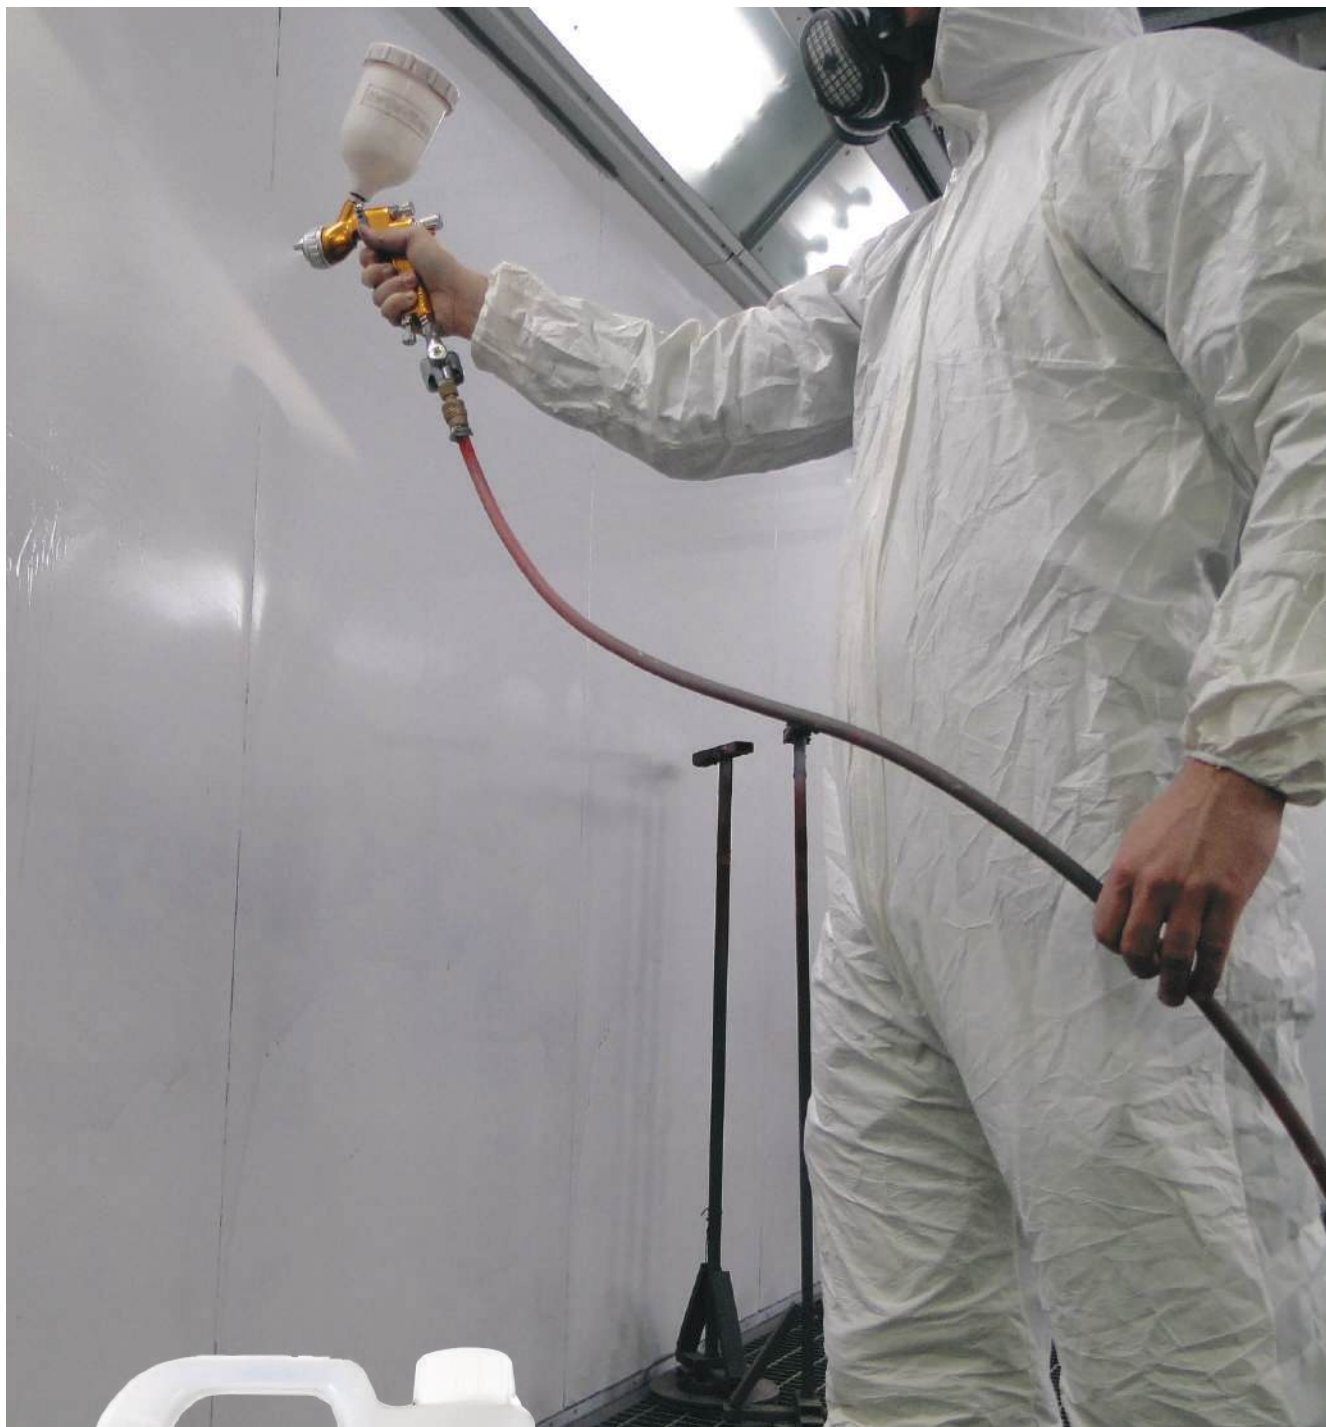

Efficient Coverage
One roll (0.75mx80m = 60 sqm) is more than sufficient for an average spray booth (4mx7m).

Smart Packaging
Each roll is individually boxed for easy storage and handling.

MAINTAINANCE

TACKY SURFACE COATING

Applicable to the inner walls of the paint booth, creates clear tacky film which protects from dust and overspray. Easy to wash away with warm water.
